The Family Educational Rights and Privacy Act (FERPA) of 1974 is a federal law designed to protect the privacy of a student's educational records. Educational records include academic records, financial aid records, and student account information which are considered confidential and not to be released without written consent from the student.

In accordance with FERPA, it is necessary for the College of the Muscogee Nation (CMN) to obtain written consent from a student in order to receive any student information from Oklahoma State University Institute of Technology (OSUIT). All students' information will be held in the strictest confidence and only viewed by CMN Offices. No personally identifiable information will be released to any third party.

*"I hereby grant OSUIT permission to release **any information** regarding my **2011-2012** academic records, financial aid records, and student account information to the College of the Muscogee Nation.*

*I understand I have the right to withdraw my Consent for Release of Student Information at any time with a signed, written statement to both OSUIT and CMN Registrar Offices."*
